Audience	

FIRST ORDER OF BUSINESS **Call to Order/Roll Call**

Ms. Blandon called the meeting to order and read roll call.

SECOND ORDER OF BUSINESS **Pledge of Allegiance**

The Board, Staff, and Audience recited the Pledge of Allegiance.

THIRD ORDER OF BUSINESS **Approval of Agenda**

Ms. Blandon presented the agenda and asked the Board if there were any additions or changes to the agenda as presented. No modifications were requested.

On a Motion by Mr. Brall, seconded by Mr. SanAntonio, with all in favor, the Board Approved the Agenda for the May 06, 2025 Board of Supervisors Meeting for the Bobcat Trail Community Development District.

DRAFT

FOURTH ORDER OF BUSINESS **Public Comments – Agenda Items Only**

Ms. Blandon opened the floor for public comment for agenda items only.

Ms. Donnie expressed her concerns about the discontinuation of the water aerobic class, held once a week on Saturday morning from 10:00 a.m. to 11:00 a.m., due to lack of exclusive pool use, comparing it to other activities that have designated times.

Ms. Taylor raised concern about the management of water rights for the golf course and the irrigation system, hoping for a quick and responsible person to handle it.

FIFTH ORDER OF BUSINESS **Consideration of the Minutes of the Board of Supervisors' Meeting held on April 01, 2025**

Ms. Blandon presented the Minutes of the Board of Supervisors meeting held on April 01, 2025, and asked if there were any questions, comments, and/or changes. There were none.

On a Motion by Mr. SanAntonio, seconded by Mr. Branch, with all in favor, the Board Approved the Minutes of the Board of Supervisors Meeting held on April 01, 2025, for the Bobcat Trail Community Development District.

SIXTH ORDER OF BUSINESS **Ratification of the Operations and Maintenance Expenditures for the Month of March 2025**

Ms. Blandon reported that the operations and maintenance expenses for the period of March 1–31, 2025 amounted to $60,252.33 and inquired if there were any questions, comments, or revisions. Mr. Ball inquired about the invoice under number 6445. Ms. Blandon confirmed that the invoice mentioned will be refunded to the District.

On a Motion by Mr. Fisher, seconded by Mr. SanAntonio, with all in favor, the Board Ratified the Operations and Maintenance Expenditures for the Month of March 2025, totaling $60,252.33, for the Bobcat Trail Community Development District.

SEVENTH ORDER OF BUSINESS **Resident Concerns**

Ms. Blandon opened the floor for residents' concerns.

Mr. SanAntonio expressed his concern about the gym's TV and audio system, particularly highlighting that TV #3 has been malfunctioning for over a year, causing inconvenience to gym users. He suggested that the issue should be addressed as soon as possible.

DRAFT

Mr. Brall addressed a problem with the email sending and receiving platform, noting that a resident had attempted to contact him regarding landscaping concerns but was unsuccessful due to the communication issue. The resident's concerns included deteriorating grass, particularly around the front exit and monument areas. Mr. Brall acknowledged the landscaping issues and assured the audience that the team is aware of them and actively working on solutions. He explained that the situation was compounded by a recent electrical issue that impacted the irrigation system, contributing to the grass deterioration.

Mr. Ball answered Ms. Donnie's question related to the pool usage, which had been brought up at the beginning of the meeting. He stated that the policy didn't change, and the pool can be used by everyone and can't be booked for private activities.

Mr. Brall explained that he was the subject of the incident that brought up the aerobic lesson issue. He shared that, on a recent Saturday, while waiting for his family, he entered the pool. However, participants of the aerobic lesson asked him to leave in a rude manner.

As a constructive suggestion, Mr. Brall proposed adjusting the start time of the aerobics class, especially with the summer season approaching and increased pool usage expected.

EIGHTH ORDER OF BUSINESS **Consideration of City Wide Facility Solutions Proposal for Tennis Court Resurfacing**

The Board considered the proposal from City Wide Facility Solutions for resurfacing the tennis courts. Ms. Blendon informed the Board that the correct amount of the proposal, after applying the tax exemption, should be $10,900.00.

On a Motion by Mr. SanAntonio, seconded by Mr. Fisher, with all in favor, the Board Approved the Proposal from City Wide Facility Solutions for $10,900.00, Contingent Upon Preparation of an Agreement by District Counsel, for the Bobcat Trail Community Development District.

NINTH ORDER OF BUSINESS **Consideration of Pond Bank Repair at 3408 Royal Palm Drive**

Mr. Ball reported a mainline break in the irrigation system located behind a home at 3408 Royal Palm Drive. He estimated the repair cost at $3,200.00 and raised the question of whether reimbursement from the golf course would be possible. He also expressed concern about the approaching rainy season, which could worsen the condition of the lake bank.

The District Counsel clarified that the lake bank falls under the District's responsibility and recommended proceeding with the repair.

DRAFT

On a Motion by Mr. Ball, seconded by Mr. Brall, with all in favor, the Board Approved to Move Forward with the Pond Bank Repair at 3408 Royal Palm Drive, for the Bobcat Trail Community Development District.

TENTH ORDER OF BUSINESS **Acceptance of Revised Reserve Study Report**

Ms. Blandon presented the Revised Reserve Study, which was reviewed and accepted by the Board.

On a Motion by Mr. Branch, seconded by Mr. Brall, with all in favor, the Board Approved the Revised Reserve Study for the Bobcat Trail Community Development District.

ELEVENTH ORDER OF BUSINESS **Maintenance Position**

Mr. Branch reported that he closed the job advertisement in Indeed as of April 21. He received over 60 applications and shortlisted four candidates. One candidate was a no-show, and from the remaining three, he selected the most suitable applicant for the maintenance position. The candidate selected is John Slasher.

The Board engaged in a discussion regarding Mr. Branch's selection for the maintenance position, as not all members agreed with his choice. Mr. SanAntonio expressed concern that the selected candidate, John Slasher, did not appear to have sufficient experience for the role based on the job description. In response, Mr. Branch stated that while the candidate may not meet every experience criterion, he valued the fact that Mr. Slasher maintained a long-term relationship with his previous employers, which he viewed as a positive indicator of reliability and work ethics.

On a Motion by Mr. Branch, seconded by Mr. Fisher, with three (3) in favor and two (2) against, the Board Approved the Selected Candidate for the Maintenance Position, for the Bobcat Trail Community Development District.

TWELFTH ORDER OF BUSINESS **Acceptance of Committee Meeting Minutes**

The Board accepted the landscape Committee Meeting Minutes held on February 18,2025, the Landscape Committee Meeting Minutes held on March 18, 2025, and the Infrastructure-Asset Committee Meeting Minutes held on April 17, 2025.

On a Motion by Mr. Brall, seconded by Mr. Ball, with all in favor, the Board Accepted the Landscape Committee Meeting Minutes Held on February 18, 2025, the Landscape Committee Meeting Minutes Held on March 18, 2025, and the Infrastructure-Asset Committee Meeting Held on April 17, 2025, for the Bobcat Trail Community Development District.

THIRTEENTH ORDER OF BUSINESS Staff Reports

A. Field Manager

Mr. Fowler began his portion of the meeting by distributing his written report to all Board members for review. He opened by confirming that the issue concerning Pond #1, which had previously been raised, had already been addressed and resolved.

Following this, Mr. Fowler brought attention to a washout that was documented in the report. He explained the location and possible implications of the erosion, emphasizing the need for timely maintenance to prevent further degradation. In addition, he reported a minor fish kill that had occurred in a small pond located on the right side of the road along Bobcat Trail. He noted that while the fish kill was limited in scale, it may indicate underlying water quality or environmental issues that should be monitored moving forward.

Mr. Fowler also provided an overview of several irrigation-related concerns. He identified ongoing issues particularly concentrated along the exit side of Bobcat Trail East, starting from Toledo and continuing to the amenity center. He further noted similar irrigation deficiencies in several of the medians and in the bullnose area, stressing the importance of evaluating and repairing these systems before the full onset of the summer season, when water demand increases significantly.

Following Mr. Fowler's report, the Board informed him of another washout issue that is located at 1640 Palmetto Palm way that requires his attention.

B. District Engineer

No report was presented.

C. District Counsel

Mr. Jackson provided the Board with an update on the ongoing golf course litigation. He reported that a summary judgment had been granted in favor of Celtic Bank, and the property is scheduled for sale on June 13.

He also briefed the Board on the proposed "Fallen Tree Act," which, if enacted, could have affected liability in cases of tree damage. The Board briefly discussed the potential impact this legislation could have had on the District's responsibilities. However, Mr. Jackson clarified that the act has been pulled indefinitely and will not move forward.

Additionally, Mr. Jackson spoke about the finalization of the Request for Proposal (RFP) for the upcoming road paving project. He noted the need for assistance from the District engineer in preparing clear and detailed exhibits to support the vendor selection process. The Board emphasized the importance of selecting qualified vendors for this project to avoid problems experienced during previous projects, specifically referencing the sidewalk issues.

DRAFT

D. District Manager
Ms. Blandon advised that the next Board of Supervisors meeting is scheduled for Tuesday, June 03, 2025 at 3:00 pm. She also presented her report. Ms. Blandon then presented the registered voter count, reporting a total of 789 voters as of April 15, 2025.

FOURTEENTH ORDER OF BUSINESS Other Reports

A. Infrastructure/Asset Management Committee (Board Workshop)
Mr. Ball provided the Board with several operational updates. He reported that he is still working on the implementation of designated handicapped parking spots and will provide further details as progress continues.

He also informed the Board that the collapsed storm drain on Royal Palm Drive has been successfully repaired. Additionally, Mr. Ball discussed the consideration of using a special treatment to address the buildup of muck in the ponds. However, due to the high cost of this treatment, the project has been placed on hold for the time being.

Mr. Ball further announced the successful application and approval of a $5,000 grant to help reimburse costs related to recent sidewalk repairs.

B. Landscape Committee
Mr. Brall began his report by expressing his appreciation to the committee for their Hard work and dedication throughout the year.

He then reported that there had been a break-in at the pump house. While nothing was stolen or vandalized, the locks were damaged. The police were notified, and a report was filed. He also mentioned a second attempted break-in, which again resulted in no serious damage. Mr. Brall stated his suspicion that a group of local youths may be responsible for these incidents. He urged residents to remain vigilant and to report any suspicious activity they may observe.

Additionally, Mr. Brall informed the Board that the irrigation pumps unexpectedly shut down over the weekend. However, the issue has since been resolved, and the pumps are now operating normally.

C. Newsletter Supervisor
Mr. Fisher had nothing to report.

D. Finance Supervisor
Mr. Fisher stated that he is working on the Budget.

E. Lakes and Roads Supervisor
Mr. Ball discussed the recent or planned treatment of the lakes using dye as a method to help prevent algae growth. He explained that the dye works by limiting sunlight penetration, which in turn reduces the conditions that allow algae to thrive.

DRAFT

The Board acknowledged this as a preventive measure aimed at maintaining water quality and reducing the need for more aggressive treatments.

F. Maintenance Supervisor

Mr. Branch reported ongoing electrical issues related to the monument sign. He is continuing to assess the problem and coordinate necessary repairs. In addition, he explained that part of the irrigation electrical system is currently connected to the street lighting infrastructure, which is contributing to operational difficulties.

G. Facilities Supervisor

Mr. SanAntonio informed that a contractor is scheduled to visit the community center to inspect the signage prior to the upcoming inspection.

Additionally, Mr. SanAntonio reported a recent break-in at the tennis courts. In response, security cameras have been installed at the nearby pump house to help monitor activity and deter further incidents.

He also reported two separate vehicular accidents: one involving a motorcycle that struck the front gate, and another involving a pickup truck that hit the back gate. Both incidents are being reviewed for potential follow-up or necessary repairs.

H. HOA Updates

There were no updates.

I. Commercial Properties

There were no updates for commercial properties.

FIFTEENTH ORDER OF BUSINESS Public Comments

Ms. Donnie addressed the recent incident that occurred during an aerobics class at the pool. She explained that many of the participants experience body image concerns and feel uncomfortable being watched while exercising. This discomfort may have contributed to the way the situation was handled. However, she emphasized that the class is inclusive and open to all residents who wish to join.

Another resident raised a concern regarding the supply of reclaimed water from the city, expressing worry that there may not be enough to meet the community's needs. Ms. Taylor agreed with the speaker's concern, indicating that the issue of reclaimed water availability is an important one that should be monitored closely.

SIXTEENTH ORDER OF BUSINESS Supervisor Requests

Ms. Blandon asked if there were any Supervisor requests or comments. There were none.

DRAFT

SEVENTEENTH ORDER OF BUSINESS Adjournment

Ms. Blandon stated that there was no further business to come before the Board and asked for a motion to adjourn.

On a Motion by Mr. Brall, seconded by Mr. Branch, with all in favor the Board adjourned the Meeting at 3:52 p.m., for the Bobcat Trail Community Development District.

This CONTRACT (the “Contract”) is made and entered into as of the 04/04/2025, by and between Ally Facility Solutions, Inc. d/b/a City Wide Maintenance of Tampa Bay (“City Wide”) and BOBCAT TRAIL CDD., a partnership / limited partnership / limited liability company / corporation /not-for-profit corporation (circle one), organized under the laws of the State of FL (“Customer”), each sometimes referred to individually as a “Party” and collectively as the “Parties.” 1. Services. The non-janitorial services and related products (if applicable) to be provided by City Wide are as set forth in the attached Exhibit A. 2. Duration of Contract. This is a reoccurring monthly engagement of City Wide by Customer, and the services to be rendered pursuant to this Contract shall be provided on 4/1/2023, or such other date(s) as the Parties may agree. 3. Charges for Services Rendered and Products Delivered. The charge for non-janitorial services rendered and products delivered pursuant to this Contract shall be as agreed upon by City Wide and Customer and invoiced by City Wide pursuant to Section 5 hereof. 4. Performance. Services shall be provided in a professional and workman-like manner. “City Wide Personnel” consists of City Wide’s employees, agents and/or independent contractors. If any of the City Wide Personnel assigned to perform work for Customer are unacceptable to Customer, Customer shall promptly notify City Wide management of same. If the Parties are unable to arrive at a solution that is acceptable to Customer, Customer may request that City Wide replace the individual. City Wide will either replace the individual within a reasonable time frame or terminate the Services provided hereunder effective immediately and City Wide shall have no further obligations under this Contract. 5. Invoices. City Wide will invoice Customer upon commencement of services and payment shall be due within ten (10) days of the date of the invoice. WHEN APPLICABLE, SALES TAX WILL BE ADDED TO THE INVOICE. Additional services and products may be purchased by Customer from City Wide. Invoices for the additional services and products will be sent immediately upon commencement of

the additional services or delivery of the additional products, and payment will be due within ten (10) days of the date of the invoice. Any dispute concerning an Invoice or the services rendered by City Wide shall be identified in writing within five (5) days of Customer's receipt of the invoice or the rendering of the service, as the case may be. City Wide will charge the Customer a late charge of 1½ % per month on all outstanding balances, with the first such late charge assessed 30 days from the invoice date. Customer agrees to pay all costs incurred by City Wide to collect any outstanding invoices or portions thereof, including but not limited to reasonable attorneys' fees, costs and expenses. 6. Materials. All cleaning materials and equipment necessary for City Wide's rendition of services will be furnished by City Wide Personnel, except for usable/consumable items. 7. No Warranty; Limitation of Liability; Indemnification. While all services shall be provided in a professional and workman-like manner, City Wide makes no warranty (express or implied) as to any services provided or products sold pursuant to this Agreement. City Wide's liability to Customer arising from any breach of this Agreement, any services provided or products sold hereunder, or any other claim related to City Wide's dealings with Customer pursuant to this Agreement shall not exceed the amount actually paid by Customer to City Wide for services provided pursuant to this Agreement. Customer shall fully indemnify, defend and hold harmless City Wide for any and all claims, costs, expenses (including reasonable attorneys' fees) and damages asserted by anyone other than Customer against City Wide arising as a result of or in any way prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs from the non-prevailing party.

Note: These investments do not include any applicable sales tax.

50% due up front to start project.

This quote is valid for the next 30 days, after which values may be subject to change.

GENERAL FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The General Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all General Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Interest Earnings: The District may earn interest on its monies in the various operating accounts.

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Bobcat Trail Community Development District, City of North Port, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2024, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Bobcat Trail Community Development District, City of North Port, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of $4,393,821.

- The change in the District's total net position in comparison with the prior fiscal year was ($652), a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.

- At September 30, 2024, the District's governmental funds reported combined ending fund balances of $1,027,838, a decrease of ($8,574) in comparison with the prior fiscal year. The total fund balance is restricted for debt service, non-spendable for deposits, and the remainder is unassigned fund balance in the general fund which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

1) Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessments. The District does not have any business-type activities. The governmental activities of the District include the general government (management), maintenance and recreation functions.

2) Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

3) Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION
SEPTEMBER 30,

	2024	2023
Current and other assets	$ 1,239,071	$ 1,145,187
Capital assets, net of depreciation	4,302,583	4,485,913
Total assets	5,541,654	5,631,100
Current liabilities	125,782	25,576
Long-term liabilities	1,022,051	1,211,051
Total liabilities	1,147,833	1,236,627
Net position		
Net investment in capital assets	3,280,532	3,274,862
Restricted	89,708	70,374
Unrestricted	1,023,581	1,049,237
Total net position	$ 4,393,821	$ 4,394,473

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure); less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position decreased during the most recent fiscal year. The majority of the decrease represents the extent to which the cost of operations and depreciation expense exceeded ongoing program revenues.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2024	2023
Revenues:		
Program revenues	$ 1,201,643	$ 1,095,606
General revenues	87,706	275,496
Total revenues	1,289,349	1,371,102
Expenses:		
General government	180,048	179,595
Physical environment	905,791	808,195
Culture and recreation	171,980	196,800
Interest	32,182	37,607
Total expenses	1,290,001	1,222,197
Change in net position	(652)	148,905
Net position - beginning	4,394,473	4,245,568
Net position - ending	$ 4,393,821	$ 4,394,473

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2024 was $1,290,001. The costs of the District's activities were primarily funded by program revenues. The remainder of the current fiscal year revenue includes interest income and miscellaneous revenues. In total, expenses increased from the prior fiscal year, the majority of the increase is the result of a increase in maintenance and operation costs.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The general fund budget for the fiscal year ended September 30, 2024, was amended to decrease revenues by $132,063 and increase appropriations by $19,937.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2024, the District had $8,620,661 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of $4,318,078 has been taken, which resulted in a net book value of $4,302,583. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2024, the District had $1,015,000 Bonds outstanding and $7,051 notes payable for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant.

BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT
CITY OF NORTH PORT, FLORIDA
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Bobcat Trail Community Development District ("District") was created on April 28, 1997 by Ordinance 97-9 of the City of North Port, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:
1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements
The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. For debt service, certain amounts are collected at lot closings as advance payments and are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations and debt service are billed and collected by the County Tax Assessor/Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Deposits and Investments (Continued)
The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
c) Interest bearing time deposits or savings accounts in qualified public depositories;
d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Inventories and Prepaid Items
Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets
Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Improvement other than buildings	5 – 15
Infrastructure	11 – 30
Equipment	5 – 10
Activity center	50

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue
Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Long-Term Obligations
In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position
In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Disclosures

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
b) Public hearings are conducted to obtain public comments.
c) Prior to October 1, the budget is legally adopted by the District Board.
d) All budget changes must be approved by the District Board.
e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits
The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments
The District's investments were held as follows at September 30, 2024:

	Amortized Cost	Credit Risk	Maturities
U.S. Bank Money Market	$ 84,533	N/A	Not available
Total Investments	$ 84,533		

The commercial paper investment is held by the trustee but not in the District's name.

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)
However, the Bond Indenture limits the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 – INTERFUND RECEIVABLE AND PAYABLES

Interfund receivables and payables at September 30, 2024 were as follows:

Fund	Receivable	Payable
General	$ -	$ 17,271
Debt Service	17,271	-
Total	$ 17,271	$ 17,271

The outstanding balances between funds result primarily from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made. In the case of the District, the balances between the general fund and the debt service fund relate to assessments collected in the general fund that have not yet been transferred to the debt service fund.

NOTE 6 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2024 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance

Governmental activities capital assets	$ 4,485,913	$ (183,330)	$ -	$ 4,302,583

Depreciation expense was charged to function/programs as follows:

Physical Environment	$ 160,505
Culture and Recreation	22,825
Total	$ 183,330

NOTE 7 – LONG-TERM LIABILITIES

Series 2017

In September 2017, the District issued $2,273,000 of Capital Improvement Revenue Refunding Note, Series 2017 due May 1, 2029, with a fixed interest rate of 2.86%. The Note was issued to refund the outstanding Capital Improvements Revenue Refunding Bonds, Series 2005 and pay certain costs associated with the issuance of the Note. Interest is to be paid semiannually on each May 1 and November 1, commencing November 1, 2017. Principal on the Note is to be paid serially commencing May 1, 2018 through May 1, 2029.

The Series 2017 Note is subject to redemption at the option of the District prior to maturity. The Series 2017 Note is subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Note established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2024.

NOTE 7 – LONG-TERM LIABILITIES (Continued)

Note Payable

During the fiscal year ended September 30, 2009, the District signed a $148,000 noninterest bearing note payable to the Developer to pay the balance owed on land acquired from the Developer. In accordance with the note agreement, the note will be paid down as excess Series 1999A reserve funds becomes available. In a prior fiscal year $15,016 was paid on the note. This amount was paid from the remaining balance in the reserve fund. The Series 1999A Bonds were paid off during a prior year, as such there are no additional funds available to pay the remaining balance on the Note ($7,051). The District has not determined how or if the balance will be paid.

Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2024 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Bonds payable:					
Series 2017	$ 1,204,000	$ -	$ 189,000	$ 1,015,000	$ 193,000
Note payable	7,051	-	-	7,051	-
Total	$ 1,211,051	$ -	$ 189,000	$ 1,022,051	$ 193,000

At September 30, 2024, the scheduled debt service requirements on the long-term debt were as follows:

Year ending	Governmental Activities		
September 30:	Principal	Interest	Total
2025	$ 193,000	$ 29,029	$ 222,029
2026	193,000	23,509	216,509
2027	209,000	17,989	226,989
2028	206,000	12,012	218,012
2029	214,000	6,120	220,120
Total	$ 1,015,000	$ 88,659	$ 1,103,659

NOTE 8 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, and other administrative costs.

NOTE 9 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

NOTE 10 – LITIGATION

During a prior fiscal year, the District and Fairway Commons Homeowners Association, Inc ("parties") filed a joint lawsuit against Cloud Ten! Marketing Group, LLC ("Cloud Ten"). In August 2021, Cloud Ten abandoned its operation of the Golf Course and failed to properly operate and maintain the Well Equipment and the Conveyance System which draws and distributes water for the irrigation of the parties' various properties. As a result, the District and Fairway Commons Homeowners Association, Inc were no longer receiving an adequate supply of water to meet their irrigation needs, and instead were receiving only sporadic and inconsistent supplies of water for that purpose. The Court granted a temporary injunction order and the District had to obtain a surety injunction bond of $25,000. This allowed the District and the HOA to access the well and irrigation facilities to provide irrigation water to both entities. As of the date, the temporary injunction is still in place and litigation is still pending.

During the prior fiscal year, the District has incurred a total of $97,547 in maintenance costs for the well equipment and conveyance system. The District is seeking reimbursement for these expenses from Cloud Ten and has recorded a receivable of $97,547 as of September 30, 2024, which is classified as unavailable as of September 30, 2024.

BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT
CITY OF NORTH PORT, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The general fund budget for the fiscal year ended September 30, 2024, was amended to decrease revenues by $132,063 and increase appropriations by $19,937.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Bobcat Trail Community Development District, City of North Port, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated May 15, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses and significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

We have examined Bobcat Trail Community Development District, City of North Port, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Bobcat Trail Community Development District, City of North Port, Florida and is not intended to be and should not be used by anyone other than these specified parties.
