INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Bobcat Trail Community Development District, City of North Port, Florida ("District") as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Bobcat Trail Community Development District, City of North Port, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of $4,699,227.

- The change in the District's total net position in comparison with the prior fiscal year was $305,406, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.

- At September 30, 2025, the District's governmental funds reported combined ending fund balances of $1,339,554, an increase of $311,716 in comparison with the prior fiscal year. The total fund balance is restricted for debt service, nonspendable for prepaid items and deposits, and the remainder is unassigned fund balance in the general fund which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessments. The District does not have any business-type activities. The governmental activities of the District include the general government (management), maintenance and recreation functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION
SEPTEMBER 30,

	2025	2024
Current and other assets	$ 1,361,800	$ 1,239,071
Capital assets, net of depreciation	4,198,520	4,302,583
Total assets	5,560,320	5,541,654
Current liabilities	32,042	125,782
Long-term liabilities	829,051	1,022,051
Total liabilities	861,093	1,147,833
Net position		
Net investment in capital assets	3,369,469	3,280,532
Restricted	111,977	89,708
Unrestricted	1,217,781	1,023,581
Total net position	$ 4,699,227	$ 4,393,821

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure); less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position increased during the most recent fiscal year. The majority of the increase represents the extent to which the ongoing program revenues exceeded cost of operations and depreciation.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2025	2024
Revenues:		
Program revenues	$ 1,221,923	$ 1,201,643
General revenues	37,405	87,706
Total revenues	1,259,328	1,289,349
Expenses:		
General government	150,177	180,048
Physical environment	500,100	905,791
Culture and recreation	276,916	171,980
Interest	26,729	32,182
Total expenses	953,922	1,290,001
Change in net position	305,406	(652)
Net position - beginning	4,393,821	4,394,473
Net position - ending	$ 4,699,227	$ 4,393,821

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2025 was $953,922. The costs of the District's activities were primarily funded by program revenues. The remainder of the current fiscal year revenue includes interest income and miscellaneous revenues. In total, expenses decreased from the prior fiscal year, the majority of the decrease is the result of a decrease in maintenance and operation costs.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2025, the District had $8,620,661 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of $4,422,141 has been taken, which resulted in a net book value of $4,198,520. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2025, the District had $822,000 Bonds outstanding and $7,051 notes payable for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT
CITY OF NORTH PORT, FLORIDA
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Bobcat Trail Community Development District ("District") was created on April 28, 1997 by Ordinance 97-9 of the City of North Port, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:
1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements
The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. For debt service, certain amounts are collected at lot closings as advance payments and are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations and debt service are billed and collected by the County Tax Assessor/Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Deposits and Investments (Continued)
The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
c) Interest bearing time deposits or savings accounts in qualified public depositories;
d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Inventories and Prepaid Items
Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets
Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Improvement other than buildings	5 – 15
Infrastructure	11 – 30
Equipment	5 – 10
Activity center	50

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue
Governmental funds report unearned revenue in connection with resources that have been received but not yet earned.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Long-Term Obligations
In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position
In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Disclosures

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
b) Public hearings are conducted to obtain public comments.
c) Prior to October 1, the budget is legally adopted by the District Board.
d) All budget changes must be approved by the District Board.
e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits
The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments
The District's investments were held as follows at September 30, 2025:

	Amortized Cost	Credit Risk	Maturities
U.S. Bank Money Market	$ 121,773	N/A	Not available
Total Investments	$ 121,773		

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)
However, the Bond Indenture limits the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1: Investments* whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2025 was as follows:

	Beginning Balance	Additions & Adjustments	Reductions	Ending Balance

Depreciation expense was charged to function/programs as follows:

Physical Environment	$ 81,238
Culture and Recreation	22,825
Total	$ 104,063

NOTE 6 – LONG-TERM LIABILITIES

Series 2017

In September 2017, the District issued $2,273,000 of Capital Improvement Revenue Refunding Note, Series 2017 due May 1, 2029, with a fixed interest rate of 2.86%. The Note was issued to refund the outstanding Capital Improvements Revenue Refunding Bonds, Series 2005 and pay certain costs associated with the issuance of the Note. Interest is to be paid semiannually on each May 1 and November 1, commencing November 1, 2017. Principal on the Note is to be paid serially commencing May 1, 2018 through May 1, 2029.

The Series 2017 Note is subject to redemption at the option of the District prior to maturity. The Series 2017 Note is subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Note established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2025.

Note Payable

During the fiscal year ended September 30, 2009, the District signed a $148,000 noninterest bearing note payable to the Developer to pay the balance owed on land acquired from the Developer. In accordance with the note agreement, the note will be paid down as excess Series 1999A reserve funds becomes available. In a prior fiscal year $15,016 was paid on the note. This amount was paid from the remaining balance in the reserve fund. The Series 1999A Bonds were paid off during a prior year, as such there are no additional funds available to pay the remaining balance on the Note ($7,051). The District has not determined how or if the balance will be paid.

Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2025 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Bonds payable:					
Series 2017	$ 1,015,000	$ -	$ 193,000	$ 822,000	$ 193,000
Note payable	7,051	-	-	7,051	-
Total	$ 1,022,051	$ -	$ 193,000	$ 829,051	$ 193,000

At September 30, 2025, the scheduled debt service requirements on the long-term debt were as follows:

Year ending September 30:	Governmental Activities		
	Principal	Interest	Total
2026	$ 193,000	$ 23,509	$ 216,509
2027	209,000	17,989	226,989
2028	206,000	12,012	218,012
2029	214,000	6,120	220,120
Total	$ 822,000	$ 59,630	$ 881,630

NOTE 7 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, and other administrative costs.

NOTE 8 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

NOTE 9 – LITIGATION

During a prior fiscal year, the District and Fairway Commons Homeowners Association, Inc ("parties") filed a joint lawsuit against Cloud Ten! Marketing Group, LLC ("Cloud Ten"). In August 2021, Cloud Ten abandoned its operation of the Golf Course and failed to properly operate and maintain the Well Equipment and the Conveyance System which draws and distributes water for the irrigation of the parties' various properties. As a result, the District and Fairway Commons Homeowners Association, Inc were no longer receiving an adequate supply of water to meet their irrigation needs, and instead were receiving only sporadic and inconsistent supplies of water for that purpose. The Court granted a temporary injunction order and the District had to obtain a surety injunction bond of $25,000. This allowed the District and the HOA to access the well and irrigation facilities to provide irrigation water to both entities. As of the date of this report, the temporary injunction is still in place and litigation is still pending.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Bobcat Trail Community Development District, City of North Port, Florida ("District") as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated March 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses and significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

We have examined Bobcat Trail Community Development District, City of North Port, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2025. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2025.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Bobcat Trail Community Development District, City of North Port, Florida and is not intended to be and should not be used by anyone other than these specified parties.

ADDENDUM TO THE PROPOSAL BETWEEN BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT AND BEACHY LIGHTSCAPES LLC FOR HOLIDAY LIGHTS

This ADDENDUM TO THE PROPOSAL BETWEEN BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT AND BEACHY LIGHTSCAPES LLC. ("Addendum") is made and entered into as of the ____ day of _____, 2026 by and between the Bobcat Trail Community Development District, a local unit of special purpose government established pursuant to chapter 190, Florida Statutes, located in Sarasota County, Florida (the "District") and Beachy Lightscapes LLC, a Florida limited liability company ("Contractor"). District and Contractor being collectively referred to herein as the "Parties."

WHEREAS, the District was established for the purpose of financing, funding, planning, establishing, acquiring, constructing, or reconstructing, enlarging, or extending, equipping, operating and maintaining systems and facilities for certain infrastructure improvements; and

WHEREAS, the Parties are simultaneously with this Addendum entering into a proposal under which the Contractor will install, maintain, and remove holiday lights for the 2026 holiday season (hereinafter referred to as the "Agreement"); and

WHEREAS, the District is a "public agency" pursuant to Section 119.0701(1)(b), Florida Statutes, and Chapter 119, Florida Statutes, provides for certain contract requirements related to public records in certain public agency contracts for services; and

WHEREAS, the District has certain insurance requirements for Contractors the District contracts with to provide the services set forth in the Agreement; and

WHEREAS, the District and Contractor are subject to the requirements of Section 448.095, Florida Statutes, related to registration and use of the E-Verify system; and

WHEREAS, the District and Contractor wish to simultaneously enter into this Addendum to Agreement to address these and other contractual provisions the Parties intend to have made part of the Agreement.

NOW THEREFORE, the Parties hereby agree as follows:

1. Contractor agrees to comply with Florida's public records law by keeping and maintaining public records that ordinarily and necessarily would be required by the District in order to perform the services under the Agreement by doing the following: upon the request of the District's Custodian of Public Records, providing the District with copies of or access to public records on the same terms and conditions that the District would provide the records and at a cost that does not exceed the cost provided by Florida law; by ensuring that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of the Agreement if the Contractor does not

transfer the records to the District; and upon completion of the Agreement by transferring, at no cost, to the District all public records in possession of the Contractor or by keeping and maintaining all public records required by the District to perform the services. If the Contractor transfers all public records to the District upon completion of the Agreement, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Agreement, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the District, upon request from the District's Custodian of Public Records, in a format that is compatible with the information technology systems of the District.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE DISTRICT'S CUSTODIAN OF PUBLIC RECORDS, BELINDA BLANDON, RIZZETTA & COMPANY, 3434 COLWELL AVENUE, SUITE 200, TAMPA, FLORIDA 33614, TEL. 239-936-0913, BBLANDON@RIZZETTA.COM.

2. Contractor or any subcontractor performing the work described in the Agreement shall maintain throughout the term of the Agreement the following insurance:

(a) Workers' Compensation coverage, in full compliance with Florida statutory requirements, for all employees of the Contractor who are to provide a service under the Agreement, as required under applicable Florida Statutes AND Employer's Liability with limits of not less than $1,000,000.00 per employee per accident, $500,000.00 disease aggregate, and $100,000.00 per employee per disease.

(b) Commercial General Liability "occurrence" coverage in the minimum amount of $1,000,000 combined single limit bodily injury and property damage each occurrence and $2,000,000 aggregate, including personal injury, broad form property damage, products/completed operations, broad form blanket contractual and $100,000 fire legal liability. The General Liability policy evidenced herein is to be primary and non-contributory to other insurance available to the District.

(c) Automobile Liability Insurance for bodily injuries in limits of not less than $100,000 combined single limit bodily injury and for property damage, providing coverage for any accident arising out of or resulting from the operation, maintenance, or use by the Contractor of any owned, non-owned, or hired automobiles, trailers, or other equipment required to be licensed. Said insurance shall also include insured/underinsured motorists coverage in the minimum amount of $100,000 when there are owned vehicles.

(d) Umbrella Liability Insurance with limits of not less than $1,000,000 per occurrence covering all work performed under this Agreement.

Prior to the commencement of any work, the District, its officers, staff, representatives, consultants, agents and supervisors shall be named as an additional insured on a primary and non-contributory basis in accordance with policy provisions on all policies required (excluding worker's compensation). Contractor shall furnish the District with the Certificate of Insurance evidencing compliance with this requirement. No certificate shall be acceptable to the District unless it provides that any change or termination within the policy periods of the insurance coverage, as certified, shall not be effective without thirty (30) days of prior written notice to the District. Insurance coverage shall be from a reputable insurance carrier acceptable to District, who is licensed to conduct business in the State of Florida, and such carrier shall have a Best's Insurance Reports rating of at least A-VII.

If the Contractor fails to have secured and maintained the required insurance, District has the right (without any obligation to do so, however), to secure such required insurance in which event, the Contractor shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance. The procuring of required policies of insurance shall not be construed to limit the Contractor's liability.

3. Contractor and its subcontractors (if any) warrant compliance with all federal immigration laws and regulations that relate to their employees including, but not limited to, registering with, and using the E-Verify system. Contractor agrees and acknowledges that the District is a public employer that is subject to the E-Verify requirements as set forth in Section 448.095, Florida Statutes, and that the provisions of Section 448.095, F.S., apply to this Agreement. Notwithstanding, if the District has a good faith belief that Contractor has knowingly hired, recruited, or referred an alien who is not duly authorized to work by the immigration laws or the Attorney General of the United States for employment under this Agreement, the District shall terminate the Agreement. If the District has a good faith belief that a subcontractor performing work under this Agreement knowingly hired, recruited, or referred an alien who is not duly authorized to work by the immigration laws or the Attorney General of the United States for employment under this Agreement, the District shall promptly notify Contractor and order Contractor to immediately terminate the contract with the subcontractor. Contractor shall be liable for any additional costs incurred by the District as a result of the termination of the Agreement based on Contractor's failure to comply with the E-Verify requirements referenced herein.

4. If there are any conflicting terms between the proposal and this Addendum, this Addendum shall govern.

5. Neither the District nor the Contractor may assign the Agreement without the prior written approval of the other. Any assignment without the prior written approval of the other party will be void.

6. The Agreement shall be construed, governed and interpreted in accordance with the laws of the State of Florida.

7. In the event of litigation arising out of either party's obligations under the Agreement, sole and exclusive venue shall exist in Sarasota County, Florida and the prevailing party shall be entitled to recover its attorney's fees and costs from the non-prevailing party, including but not limited to trial level fees, bankruptcy fees and appellate fees as well as fees and costs incurred in proceedings to determine entitlement to and reasonableness of such fees and costs.

8. All work performed shall be pursuant to all federal, state, and local laws and regulations including any applicable permitting and inspections as well as community rules and regulations.

9. Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, Florida Statutes or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

10. Contractor shall execute an affidavit of non-coerced labor or services pursuant to Section 787.06, Florida Statutes.

11. Pursuant to Section 287.135, Florida Statutes, the District has the option to terminate the contract if the Contractor is found to be on the Scrutinized Companies or Other Entities that Boycott Israel List or Boycott Israel.

12. All other provisions to the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have caused this Addendum to be executed by their respective duly authorized officers as of the date indicated below.

The meeting minutes for April 21, 2026, BCTLC Meeting had not been issued and were not available for review. They will be issued for review in the next week and approved at the next BCTLC meeting.

6. Old Business

A. Street Monument Landscape Enhancement Plan Challenges

(1) Background---The Bobcat Trail Landscape Committee (BCTLC) is planning to upgrade, improve and try to achieve a modest level of standardization for all the Bobcat Trail Street Monuments Landscape. This effort will involve adding sod/turf around the monuments and removing existing plants and installing new plants in a standard configuration, all within a five-foot radius of the Monument.

(2) Monument Status, The CDD (Community Development District) Lawyer has verified and the CDD Engineer has confirmed that the CDD does in fact have a five-foot radius easement around each street monument.

(3) Challenges, a number of residents have expressed concern related to the BCTLC Plan. The concerns have been expressed through emails to BCTLC members, in person explanations to committee members, explanations at BCTLC meetings and via Face Book chatter.

(4) Concerns, the concerns range from not wanting to change the current landscape configuration to challenging the rights of the BCTLC to make changes on individuals' property.

(5) Action- BCTLC may want to consider changing its approach, the committee should consider discussing each individual plan with each impacted resident. It was decided to table further discussion until the next BCTLC meeting.

B. Boulevard/Community Center/Parking Lot/Back Gate Bobcat Trail Aquatics and Landscape Report Rizzetta & Company Spencer Gonzales Landscape Specialist Dated April 21, 2026 (See Attachment 3).

(1) Have sprayed once, second application will be done soon.

(2) Damaged ixora plants to be categorized, to define which plants have been damaged by the frost, removal and replacement of frost damaged plants is not covered by the Artis Tree Contract.

(3) Action required for each damaged ixora plant should be defined and detailed.

(4) Irrigation and overall dryness of the area is still a concern; further evaluation of the irrigation system may still be relevant. Artis Tree has checked out the system and believes it is working properly, possibly the photocell operation should be checked.

(5) Initial effort complete, will continue to try and improve.

(6) Will ensure tuff cleaned up on future cycles.

(7) Ongoing effort will continue to meet challenges.

(8) We are having some problems with the flower die off, not sure if it is a fungus or accumulations of chemicals in planting area, will replace flowers and continue to investigate.

(9) Yellow turf may be an accumulation of water or chemicals in low spot in flower bed.

(10) More yellow turf could be related to drought; we have had problems in this area before.

(11) Fallen tree branch- removed.

(12) Plants encroaching on sidewalk on Bobcat Trail from golf course cart path to Palmetto, trim back, will be done on next trim pass.

(13) Turf on south side of Pheonix is yellowing and dry, most likely related to the draught.

(14) Exposed soil on Solidary most likely related to one day a week watering and battery powered timer.

(15) Artis Tree committed to removing dead tree material.

(16) Same as fifteen.

(17) Same as fourteen.

(18) Artis Tree will remove the weeds.

(19) Currently tree is on the watch list, Artis Tree has sprayed with fungicide and drenched the roots with nutrients. No sign of disease though it does look like a very malnourished tree.

(20) Has been cleaned up, tuff removed.

(21) Artis Tree will address.

(22) This item is related to the monument enhancement challenges. Approach to this trim recommendation is being dealt with as part of that challenge.

(23) Artis Tree will address as part of the monthly weeding schedule.

(24) Completed.

(25) Brown spots around Lady Palm Monument are part of the ongoing water shortage problem.

(26) It has been addressed; the area looks much better.

(27) Firebush at back gate was recently trimmed, plant is coming back.

(28) This is most likely related to irrigation issues and shortage of water.

(29) Same as twenty-eight.

(30) This area is part of the turf renewal project, and the problem will be addressed with that project.

C. Matrix Report (Attachment 2) Artis Trees' current efforts comply with the May Matrix Requirements.

D. Street Monuments are all in good shape, no new items to report.

E. Commercial Side and Under the Trees (See Attachement 4).

F. Large Palm Tree >15ft Maintenance.

(1) CDD and FWC (Fairway Commons) palm tree trimming currently scheduled for August may be moved up to end of July.

(2) Will do a ten and two cut.

(3) Unit price in contract will remain the same this year.

G. Holiday Decorations

(1) Revised quote from Beachy Lightscapes has been received (Refer to Attachment 6).

(2) Presented to CDD Board. Some discussion related to the cost being budgeted.

(3) Questions related to the details of the BCTLC evaluation process and the number of vendors evaluated.

H. Commercial Side Turf Replacement.

(1) Three separate estimates/sections being prepared in order to accomplish in a phased approach.

(2) Consider doing this work this year using reserves and money saved on other active CDD Projects.

(3) Install sod in July and August, this timing will be supported by rainy season

(4) Bobcat Trail resident side turf will be addressed next year.

7. No New Business

8. Public Comment

There was no public comment.

9. Adjournment

The meeting was adjourned at 2:10 PM.
