Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Bobcat Trail Community Development District, City of North Port, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of $4,699,227.

- The change in the District's total net position in comparison with the prior fiscal year was $305,406, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.

- At September 30, 2025, the District's governmental funds reported combined ending fund balances of $1,339,554, an increase of $311,716 in comparison with the prior fiscal year. The total fund balance is restricted for debt service, nonspendable for prepaid items and deposits, and the remainder is unassigned fund balance in the general fund which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessments. The District does not have any business-type activities. The governmental activities of the District include the general government (management), maintenance and recreation functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION
SEPTEMBER 30,

	2025	2024
Current and other assets	$ 1,361,800	$ 1,239,071
Capital assets, net of depreciation	4,198,520	4,302,583
Total assets	5,560,320	5,541,654
Current liabilities	32,042	125,782
Long-term liabilities	829,051	1,022,051
Total liabilities	861,093	1,147,833
Net position		
Net investment in capital assets	3,369,469	3,280,532
Restricted	111,977	89,708
Unrestricted	1,217,781	1,023,581
Total net position	$ 4,699,227	$ 4,393,821

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure); less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position increased during the most recent fiscal year. The majority of the increase represents the extent to which the ongoing program revenues exceeded cost of operations and depreciation.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2025	2024
Revenues:		
Program revenues	$ 1,221,923	$ 1,201,643
General revenues	37,405	87,706
Total revenues	1,259,328	1,289,349
Expenses:		
General government	150,177	180,048
Physical environment	500,100	905,791
Culture and recreation	276,916	171,980
Interest	26,729	32,182
Total expenses	953,922	1,290,001
Change in net position	305,406	(652)
Net position - beginning	4,393,821	4,394,473
Net position - ending	$ 4,699,227	$ 4,393,821

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2025 was $953,922. The costs of the District's activities were primarily funded by program revenues. The remainder of the current fiscal year revenue includes interest income and miscellaneous revenues. In total, expenses decreased from the prior fiscal year, the majority of the decrease is the result of a decrease in maintenance and operation costs.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2025, the District had $8,620,661 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of $4,422,141 has been taken, which resulted in a net book value of $4,198,520. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2025, the District had $822,000 Bonds outstanding and $7,051 notes payable for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant.

BOBCAT TRAIL COMMUNITY DEVELOPMENT DISTRICT
CITY OF NORTH PORT, FLORIDA
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Bobcat Trail Community Development District ("District") was created on April 28, 1997 by Ordinance 97-9 of the City of North Port, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:
1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements
The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. For debt service, certain amounts are collected at lot closings as advance payments and are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations and debt service are billed and collected by the County Tax Assessor/Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Deposits and Investments (Continued)
The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
c) Interest bearing time deposits or savings accounts in qualified public depositories;
d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Inventories and Prepaid Items
Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets
Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Improvement other than buildings	5 – 15
Infrastructure	11 – 30
Equipment	5 – 10
Activity center	50

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue
Governmental funds report unearned revenue in connection with resources that have been received but not yet earned.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Long-Term Obligations
In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position
In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Disclosures

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
b) Public hearings are conducted to obtain public comments.
c) Prior to October 1, the budget is legally adopted by the District Board.
d) All budget changes must be approved by the District Board.
e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits
The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments
The District's investments were held as follows at September 30, 2025:

	Amortized Cost	Credit Risk	Maturities
U.S. Bank Money Market	$ 121,773	N/A	Not available
Total Investments	$ 121,773		

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)
However, the Bond Indenture limits the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1: Investments* whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

In September 2017, the District issued $2,273,000 of Capital Improvement Revenue Refunding Note, Series 2017 due May 1, 2029, with a fixed interest rate of 2.86%. The Note was issued to refund the outstanding Capital Improvements Revenue Refunding Bonds, Series 2005 and pay certain costs associated with the issuance of the Note. Interest is to be paid semiannually on each May 1 and November 1, commencing November 1, 2017. Principal on the Note is to be paid serially commencing May 1, 2018 through May 1, 2029.

The Series 2017 Note is subject to redemption at the option of the District prior to maturity. The Series 2017 Note is subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Note established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2025.

Note Payable

During the fiscal year ended September 30, 2009, the District signed a $148,000 noninterest bearing note payable to the Developer to pay the balance owed on land acquired from the Developer. In accordance with the note agreement, the note will be paid down as excess Series 1999A reserve funds becomes available. In a prior fiscal year $15,016 was paid on the note. This amount was paid from the remaining balance in the reserve fund. The Series 1999A Bonds were paid off during a prior year, as such there are no additional funds available to pay the remaining balance on the Note ($7,051). The District has not determined how or if the balance will be paid.

The District has contracted with a management company to perform management advisory services, which include financial and accounting services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, and other administrative costs.

NOTE 8 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

NOTE 9 – LITIGATION

During a prior fiscal year, the District and Fairway Commons Homeowners Association, Inc ("parties") filed a joint lawsuit against Cloud Ten! Marketing Group, LLC ("Cloud Ten"). In August 2021, Cloud Ten abandoned its operation of the Golf Course and failed to properly operate and maintain the Well Equipment and the Conveyance System which draws and distributes water for the irrigation of the parties' various properties. As a result, the District and Fairway Commons Homeowners Association, Inc were no longer receiving an adequate supply of water to meet their irrigation needs, and instead were receiving only sporadic and inconsistent supplies of water for that purpose. The Court granted a temporary injunction order and the District had to obtain a surety injunction bond of $25,000. This allowed the District and the HOA to access the well and irrigation facilities to provide irrigation water to both entities. As of the date of this report, the temporary injunction is still in place and litigation is still pending.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Bobcat Trail Community Development District
City of North Port, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Bobcat Trail Community Development District, City of North Port, Florida ("District") as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated March 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses and significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Preferred Claims Administration

Preferred Governmental Claim Solutions, Inc. ® (PGCS) is the premier governmental third-party claims administrator in the state of Florida and administers the claims for Preferred Governmental Insurance Trust (*Preferred*). Since its founding in 1956, PGCS has provided claims administration services exclusively to over 450 governmental entities including schools, cities, towns, counties, community development districts, and fire districts. Therefore, PGCS's adjusters are extremely qualified to handle governmental tort liability and public sector workers' compensation claims. They are experts at investigating and handling police and firefighters presumption claims. PGCS is sensitive to the politics involved in the handling of public entity claims.

PGCS's claims administration program consists of workers' compensation, general liability, bodily injury, personal injury, property, auto liability, auto physical damage, employment practices liability, school leaders/educators liability and public officials liability. Their claims staff has over 630 years of combined insurance experience and each has been with PGCS an average of 8 years. Claims are handled under strict supervision in accordance with the PGCS workers' compensation and liability claim handling procedure manuals and the PGCS claim best practices manual. A random sampling of each adjuster's claim files are audited on a monthly basis by a Quality Assurance Manager to ensure compliance.

PGCS provides their clients with a dedicated Subrogation Unit to pursue reimbursements from at-fault third parties. Their current recovery rate is fifty-nine (59) percent of the claim costs expended. PGCS also has a dedicated excess reporting and recovery unit for communication to and securing reimbursement from the excess and/or reinsurance carriers. In addition, PGCS provides a state-approved Special Investigation Unit (SIU) to prevent and pursue fraudulent claims. PGCS offers rewards up to $10,000.00 for the arrest and conviction of persons committing workers' compensation fraud. This service is provided via a twenty-four hour seven day a week hotline.

PGCS utilizes the RiskMaster system for claims processing. This system captures a wide variety of data and allows the adjuster to enter an unlimited number of claim notes, process reserve changes, and issue claim payments. Customized reports can be obtained from PGCS's on-line system containing a multitude of data parameters that a client may choose to analyze. The system can be accessed by clients via their website at www.pgcs-tpa.com.

Communication with PGCS's clients is the cornerstone of their claims administration program. Professional adjusters, nurses, management, quarterly in-depth claim review meetings, 24/7 claim reporting, utilization of attorneys specializing in public entity defense, litigation management, and return to work programs are just a sample of how PGCS has set the standard for the industry.

PGCS is committed to partnering with their clients to provide professional and aggressive claim management programs. While they are recognized as the leader in the industry, PGCS is always striving to improve the quality of their programs and expand the services that they offer.

Preferred Safety and Risk Management Services

The success of any public sector community is tied to its ability to protect and preserve its human physical assets. This basic premise serves as the cornerstone of an effective Safety Management program and underscores the importance of Safety and Risk Control to the community. *Preferred*'s Safety and Risk Management Department is very aware of the valuable contribution a comprehensive safety and risk control program makes to the bottom-line of any organization.

At *Preferred*, Safety consultations originate with one basic thought—to recommend specific measures to minimize or eliminate the exposures that cause accidents. This does not mean that the workplace become no-risk utopias, but we expect our consultants to recommend measures to control and minimize all types of accidents, injuries and illnesses to our *Preferred* members' operations and premises.

Preferred is dedicated to meeting the challenge of the complex issues facing public sector organizations Disarming these issues and converting them into solutions which work to the advantage of our goal. *Preferred*'s approach to risk control incorporates the following elements:

- **Exposure Identification** – Assist management in determining areas where a chance of loss might exist through cause trend analysis, work site evaluations, and facility inspections.

- **Exposure Measurement and Loss Analysis** – Loss analysis and a review of the consequences of the exposures will be considered to develop alternative methods of control.

- **Determination and Selection of Appropriate Risk Control Methods** – Based on measurement and analysis, specific recommendations and/or custom designed risk control plan will be formulated. OSHA, as well as other Agency Standards will be applied and/or used as a "Best Practice" measure when designing and formulating safety and risk control plans.

- **Training and Safety Management Consulting** – After considering client needs specific services and/or training will be formulated and initiated to fit the client's need. Key Personnel or specialty consulting services with the knowledge and skills needed to meet those identified needs will be provided.

- **Additional Consulting Services Available** – *Preferred's* Safety & Risk Management has other services available that may benefit our clients. These services include security evaluations and review of existing safety and risk programs.

Retail Compensation Disclosure

Compensation: As a licensed insurance producer/broker/agent, Brown & Brown entities ("we") are generally authorized by our license to confer with insurance purchasers about the benefits, terms and conditions of insurance contracts; to offer advice concerning the substantive benefits of particular insurance contracts; to sell insurance; and to obtain insurance for purchasers. Our role as an insurance producer in any ordinary transaction typically involves one or more of these activities.

We will receive compensation in the form of commission or fees for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages. Commission compensation will be based on the insurance contract you purchase and may vary depending on a number of factors including the insurance contract(s) and the insurer(s) the purchaser selects. In addition to the commissions or fees received by us for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages, other parties, such as excess and surplus lines brokers, wholesale brokers, reinsurance intermediaries, underwriting managers and similar parties, some of which may be owned in whole or in part by Brown & Brown, Inc., may also receive compensation for their role in providing insurance products or services to you pursuant to their separate contracts with insurance or reinsurance carriers. That compensation is derived from your premium payments. Additionally, it is possible that we, or our corporate parents or affiliates, may receive contingent payments or allowances from insurers based on factors which are not customer-specific, such as the performance and/or size of an overall book of business produced with an insurer. We generally do not know if such a contingent payment will be made by a particular insurer, or the amount of any such contingent payments, until the underwriting year is closed. That compensation is partially derived from your premium dollars, after being combined (or "pooled") with the premium dollars of other insureds that have purchased similar types of coverage. We may also receive invitations to programs sponsored and paid for by insurance carriers to inform brokers regarding their products and services, including possible participation in company-sponsored events such as trips, seminars, and advisory council meetings, based upon the total volume of business placed with the carrier you select. We may, on occasion, receive loans or credit from insurance companies. Additionally, in the ordinary course of our business, we may receive and retain interest on premiums you pay from the date we receive them until the date of premiums are remitted to the insurance company or intermediary. In the event that we assist with placement and other details of arranging for the financing of your insurance premium, we may also receive a fee from the premium finance company.

If an intermediary is utilized in the placement of coverage, the intermediary may or may not be owned in whole or part by Brown & Brown, Inc. or its subsidiaries. Brown & Brown entities operate independently and are not required to utilize other companies owned by Brown & Brown, Inc., but routinely do so. In addition to providing access to the insurance company, the Wholesale Insurance Broker/Managing General Agent may provide additional services including, but not limited to: underwriting; loss control; risk placement; coverage review; claims coordination with insurance company; and policy issuance. Compensation paid for those services is derived from your premium payment, which may on average be 15% of the premium you pay for coverage, and may include additional fees charged by the intermediary.

You may obtain information about compensation expected to be received by us based in whole or part on the sale of insurance to you, and (if applicable) compensation expected to be received based in whole or part on any alternative quotes presented to you by us, by requesting such information from us.

Questions and Information Requests. If you have any questions, or require additional information, please contact your Brown & Brown team, or, if you prefer, submit your question or request online at https://www.bbrown.com/us/contact/contact-general/

[ ] c. I hereby select Uninsured Motorist coverage limits equal to my Bodily Injury Liability limits. (If you select this option disregard the bold face statement above.)

ELECTION OF NON-STACKED COVERAGE

(Do not complete if you have rejected Uninsured Motorist)

You have the option to purchase, at a reduced rate, non-stacked (limited) type of Uninsured Motorists coverage. Under this form if injury occurs in a vehicle owned or leased by you or any family member who resides with you, this Coverage Agreement will apply only to the extent of coverage (if any) which applies to that vehicle in this Coverage Agreement. If an injury occurs while occupying someone else's vehicle, or you are struck as a pedestrian, you are entitled to select the highest limits of Uninsured Motorist coverage available on any one vehicle for which you are a Named Covered Party, covered family member, or covered resident of the Named Covered Party's household. This Coverage Agreement will not apply if you select the coverage available under any other Coverage Agreement issued to you or the Coverage Agreement of any other family member who resides with you.

If you do not elect to purchase the non-stacked form, your Coverage Agreement limit(s) for each motor vehicle are added together (stacked) for all covered injuries. Thus, your Coverage Agreement limits would automatically change during the Coverage Agreement term if you increase or decrease the number of autos covered under the Coverage Agreement.

[X] I hereby elect the non-stacked form of Uninsured Motorist coverage.

I understand and agree that selection of any of the above options applies to my liability Coverage Agreement and future renewals or replacements of such Coverage Agreement which are issued at the same Bodily Injury Liability limits. If I decide to select another option at some future time, I must let the Trust or my agent know in writing.

3.2 **LOCATION.** The location of the principal office of the Trust shall be determined from time to time by the Board of Trustees.

3.3 **PURPOSES.** This Amended Interlocal Agreement is made and executed, and the Fund created hereby is established for the purposes of:

(a) Pooling Member's resources to fulfill Members' legal liabilities and obligations, including, but not limited to, providing for the payment of benefits under the Florida Workers' Compensation Law;

(b) To minimize the cost of providing workers' compensation coverage by developing and refining specialized claim services, by developing and refining, internally or through third party service providers, a managed care system, together with the development and refining of loss prevention programs for the Members;

(c) To pay or provide for general liability and casualty coverage to participating Members, including, but not limited to, public officials errors and omissions, employment practices liability and law enforcement liability claims;

This Agreement is not intended to create a partnership or other legal entity whereby one Member assumes the obligations of another Member, or the obligations of the Fund in general.

3.4 NON-ASSESSABILITY. Should a deficit develop in the Trust, after excess reinsurance recoveries, whereby claims or other expenses cannot be paid, each individual Member shall assume liability for the costs of claims brought against that Member as if such Member were individually self-insured. Each individual Member shall thereafter be responsible for its individual costs including, but not limited to, claims administration without an obligation to, or a right of contribution from, other Members.

3.5 POWERS. The Trust shall have all the rights, powers, duties and privileges as set forth in Article VIII, Section 2 of the Florida Constitution, and Sections 163.01, et seq., 624.4622, 768.28(15)(a) and 111.072, Florida Statutes, and any other applicable Florida Statutes, which are necessary to accomplish the purposes described in Section 3.3, including but not limited to the following:

(e) To make, enter into, and arrange for insurance, reinsurance, excess insurance, catastrophic insurance, stop-loss insurance, or any other coverage as the Fund shall deem necessary and appropriate, without such purchase being deemed a waiver of sovereign immunity.

(f) To pay, or approve the payment of, any expenses and fees associated with the operation of the Fund.

(g) To indemnify and hold harmless any Trustee, officer of the Fund, or any person acting on behalf of the Fund, to the fullest extent such indemnification is permitted by law, against (1) reasonable expenses actually and necessarily incurred in connection with any threatened, pending or completed action, suit or proceeding, whether civil, administrative or civil investigative, including any action, suit or proceeding by or on behalf of the Fund, seeking to hold said person liable by reason of the fact that he or she was acting in such capacity, and (2) reasonable payments made by him or her in satisfaction of any judgment, monetary decree or settlement for which he or she may have become liable in any such action, suit or proceeding by reason of the fact that he or she was acting in such capacity. This indemnification is not intended to, and does not, waive any immunities provided to Members of the Fund, Trustees serving in their capacity as Trustees to the Fund, or to officers or employees of the Fund, by virtue of the laws of the state of Florida, but is merely in addition to such rights, privileges and immunities. (Ref. 624.489 and 768.28, FS).

SECTION IV

4.1 **MEETINGS.** The Board of Trustees shall meet at such time and in such location as may be acceptable to a majority of the Board of Trustees. The Chairman of the Board of Trustees or his designee shall set the date, time and location of each meeting, and notice thereof shall be furnished to each Trustee by the Chairman or his designee not less than ten (10) days prior to the date of such meeting.

Such notice shall specify the date, time and location of such meeting and may specify the purpose thereof, and any action proposed to be taken there at. Likewise, all acts and matters stated therein shall conclusively be presumed to be true.

4.5 **APPOINTMENT OF ADMINISTRATOR.** The trustees shall designate and provide compensation for an Administrator to administer the affairs of the Fund. The amount of such bond shall be determined by the Trustees and the evidence thereof shall be available to all units of government eligible to participate, or participating in, the Fund.

4.6 **COMPENSATION AND REIMBURSEMENT OF TRUSTEES.** The Board of Trustees may from time to time establish a reasonable amount of compensation to cover attendance at a duly called meeting by the Board of Trustees, or to cover the performance of the normal duties of a Trustee. Such compensation shall include reimbursement for reasonable and necessary expenses incurred therewith.

SECTION V

Such notice shall state the date said resignation shall take effect, and such resignation shall take effect on the date designated unless a successor Trustee has been elected at an earlier date as herein provided, in which event resignation shall take

effect immediately upon the election of such successor Trustee. Additionally, oral notice of resignation may be given at any duly convened meeting of the Trustees, which said oral notice of resignation shall be incorporated, and made a part of, the minutes of such duly convened meeting. A Trustee may be removed by a majority vote of the Board of Trustees or by a majority vote of the Members. Any Trustee, upon leaving office, shall forthwith turn over and deliver to the chairman or the secretary of the Trustees at the principal office of the Trust any and all records, books, documents or other property in such Trustees possession, or under such Trustees control, which belongs to the Trust.

5.4 **TRUSTEE TITLE.** In the event of death, resignation, refusal or inability to act by any one or more of the Trustees, the remaining Trustees shall have all the powers, rights, estates and interests of this Trust and shall be charged with its duties and responsibilities; provided, however, that in such case(s), no action may be taken unless it is concurred in by a majority of the remaining Trustees.

5.5 **TRUSTEE OFFICERS.** The Trustees shall elect from among themselves a chairman, vice-chairman and secretary of the Board of Trustees. Such officers shall be elected annually at the end of the fiscal year of the Trust, and may succeed themselves.

5.6 **POWER AND AUTHORITY.** The Board of Trustees shall be charged with the duty of the general supervision and operation of the Fund, and shall conduct the business activities of the Fund in accordance with this Agreement, its by-laws, rules and regulations and applicable federal and state statutes and rules and regulations. In connection therewith, the Board of Trustees may exercise the following authority and powers:

(b) To pay for or provide such excess insurance or reinsurance coverage as is necessary to accomplish the purpose of the Fund.

(c) To borrow funds, issue bonds and other certificates of indebtedness, and arrange for lines or letters of credit to assist in providing the coverages provided in this Agreement to participating Members.

(d) To pay for or provide appropriate liability and other types of insurance to cover the acts of the Board of Trustees of the Fund.

(e) To contract with appropriate professional service providers to meet the purposes of the Fund, and to expend funds for the reasonable operating and administrative expenses of the Fund, including but not limited to, all reasonable and necessary expenses which may be incurred in connection with the establishment of the Fund, in connection with the employment of such administrative, legal, accounting, and other expert or clerical assistance to the Fund, and in connection with the leasing and purchase of such premise, material, supplies and equipment as the Board, in its discretion, may deem necessary for or appropriate to the performance of its duties, or the duties of the Administrator or the other agents or employees of the Fund.

(f) To pay claims the Fund becomes legally obliged to pay pursuant to the Coverage Agreements entered into by and between the Fund and participating Members.

(g) To establish and accumulate as part of the Fund adequate reserves to carry out the purposes of the Fund.

(h) To pay premiums on, and to otherwise secure or provide, insurance products that are ancillary to the coverages authorized by this Agreement.

(i) To invest and reinvest funds that may come into the possession of the Fund.

(j) To assume the assets and liabilities of the Fund.

(k) To take such actions and expend such funds as are reasonably necessary to facilitate the cessation of the business of the Fund.

(l) To exercise such powers that are authorized to be exercised by trustees under and pursuant to the laws of Florida.

(m) To take such other action and expend such funds as are reasonably necessary to accomplish the purposes of the Fund.

5.7 **APPROVAL OF MEMBERS.** The Board of Trustees, after the inception of the Fund, shall receive applications for membership from prospective new participants in the Fund and shall approve applications for membership in accordance with the terms of this Agreement, any Participation Agreement, applicable federal and state statutes and rules and regulations, and the rules and regulations established by the Board of Trustees for the admission of new members into the Fund; provided, however, no prospective member may

participate in the Fund unless such prospective member is a public agency of the state. As used herein, the phrase "public agency" includes, but is not limited to, the state, its agencies, counties, municipalities, special districts, school districts, and other governmental entities; the independent establishments and constitutional officers of the state, counties, municipalities, school districts, special districts, and other governmental entities; and corporations primarily acting as instrumentalities or agencies of the state, counties, municipalities, special districts, school districts, and other governmental entities. The Board of Trustees shall be the sole judge of whether or not an applicant for membership shall be eligible to participate in the Fund; provided, however, the Board of Trustees may delegate the functions associated with approval of Members to the Administrator.

5.8 **REPORTING.** The Board of Trustees shall be responsible for and shall cause to be prepared and filed such annual or other periodic audits, reports and disclosures as may be required from time to time pursuant to applicable federal and state statutes and rules and regulations, including, but not limited to, periodic payroll audits, periodic summary loss reports, periodic statements of financial condition, certified audits, appropriate applications filed by prospective new members, reports as to financial standings, payroll records, reports relating to coverage, experience, loss and compensation payments, summary loss data statements, periodic status reports, and any other such reports as may be required from time to time to accomplish the purpose of the Fund or to satisfy the requirements of appropriate governmental entities.

5.9 **TRUSTEES' LIABILITY.** The Trustees and their agents and employees shall not be liable for any act of omission or commission taken pursuant to this Agreement unless such act constitutes a willful breach of fiduciary duties nor shall any Trustee be liable for any act of omission or commission by any other Trustee or by any employee or agent of the Fund. The Fund hereby agrees to save, hold harmless and indemnify the Trustees and their agents and employees for any loss, damage or expense incurred by said persons or entities while acting in their official capacity on behalf of the Fund, unless such action constitutes a willful breach of fiduciary duties.

5.10 **RELIANCE ON COUNSEL'S OPINION.** The Board of Trustees may employ and consult with legal counsel concerning any questions which may arise with reference to the duties and powers of the Board of Trustees or with reference to any other matter pertaining to this Agreement or the Fund created thereby; and the opinion of such counsel shall be full and complete authorization and protection from liability arising out of or in respect to any action taken or

suffered by the Board of Trustees or an individual Trustee acting hereunder in good faith and in accordance with the opinion of such counsel.

5.11 **BY-LAWS, RULES AND REGULATIONS.** The Board of Trustees may adopt and enforce such by-laws, rules and regulations as between the Members of the Fund and the Fund governing the operation of the Fund as are consistent with the terms of this Agreement and as are reasonably necessary to accomplish the purposes of the Fund.

SECTION VI
POWERS AND DUTIES OF THE ADMINISTRATOR

6.1 **RESPONSIBILITIES.** The Administrator shall have the power and authority to implement the directives of the Board of Trustees and the policy matters set forth by the Board of Trustees as they relate to the on-going operation and supervision of the Fund, the by-laws, rules and regulations established by the Board of Trustees, the provisions of this Agreement, and applicable federal and state statutes, rules and regulations. The powers, duties and responsibilities of the Administrator retained by the Board of Trustees shall be set forth in an Administrative Agreement executed between the Board of Trustees and the Administrator.

6.2 **CONTRIBUTIONS.** The Administrator shall deposit into the account or accounts designated by the Board of Trustees, at the financial institution or institutions designated by the Board of Trustees, all contributions as and when collected from the Members and said monies shall be disbursed only in the manner provided by this Agreement, the Coverage Agreements, the rules, regulations and by-laws of the Board of Trustees, and the Agreement entered into by and between the Board of Trustees and the Administrator.

SECTION VII
MEMBERS

7.1 **MEMBERSHIP CANCELLATION, SUSPENSION OR EXPULSION.** The Board of Trustees shall be the sole judge of whether membership in the Fund may be cancelled, or whether a member may be suspended or expelled from the Fund; provided, however, the Board of Trustees may delegate the functions associated with cancellation, suspension or expulsion of a Member to the Administrator. Written notice of any such cancellation, suspension or expulsion shall be provided by the Fund to the member no less than thirty

(30) days prior to the effective date of such cancellation, suspension or expulsion, and no liability under this Agreement or any other agreement, certificate, document, or other instrument executed by the Fund and the member pursuant to this Agreement, shall accrue to the Fund following the effective date of such cancellation, suspensions or expulsion. The minimal notice provisions of this paragraph shall not apply in the event a member fails to make the requisite contributions for coverages under this Agreement when such contributions are due.

(l) Except as otherwise provided herein, a Member's coverage may be cancelled by the Fund or the Member at any time upon no less than thirty (30) days prior written notice by the Board of Trustees or Administrator to

the Member, or by the Member to the Board of Trustees. The notice shall state the date such cancellation shall become effective.

Tuesday June 16, 2026

North Port Florida 34288

1. **Call to Order**

The meeting was called to order at 12:03 PM.

2. **Roll Call/Statement of Quorum**

Present at the meeting representing the Bobcat Trail Landscape Committee (BCTLC) were Jeff Brall, Laura Filler, Val Duemmel and Bill Hadovski. Artis Tree was represented by Jeff Tamayo and Scott Acton. Rizzetta was represented by Landscape Specialist Spencer Gonzalas. Bobcat Trail Residents Ken and Bonnie Cisewski were also present.

3. **Approval/Adoption of Agenda**

June 16, 2026, Bobcat Trail Landscape Committee Meeting Agenda was approved as modified (Refer to Attachment 1).

4. **Public Comment on Agenda Items**

Ken and Bonnie Cisewski of 1249 Fishtail were in attendance and presented their concerns with the way the trim crews kept the bushes

trimmed especially at the front gate, the monthly trimming results in the buds and flowers being trimmed off, precluding the plant flowers from blooming. The Committee explained that the goal of the monthly trim was to keep everything the same size, maintaining a uniform appearance. It was agreed that we would skip one month of trimming the Firecracker bushes and the Red Hot Hibiscus to allow them to blossom.

5. Meeting Minutes Approval

The meeting minutes for April 21, 2026, BCTLC meeting and the May 19th, 2026, meeting were approved as issued.

6. Old Business

A. Boulevard/Community Center/Parking Lot/Back Gate Bobcat Trail Aquatics and Landscape Report Rizzetta & Company Spencer Gonzales Landscape Specialist Dated May 19, 2026 (See Attachment 3).

(1) The count of the frost damaged dwarf ixora plants is in progress, Jeff Tamayo of Artis Tree is reviewing the count and is taking into consideration that some plants will not be replaced and others may be replaced with different plant species.

(2) Parking lot Viburnum appears to be recovering, need to keep monitoring.

(3) Artis Tree confirmed the crack weeds in parking lot have been treated.

(4) Irrigation and overall dryness in area next to the front gate exit lane is still a concern; further evaluation of the irrigation system may still be relevant. Artis Tree has checked out the system and believes it is working properly, possibly the photocell operation should be checked. It was decided to check the well schedule against the irrigation schedule. The irrigation timer in this area is powered off a lighting source that is powered off a photocell, it was decided to compare the two schedules to make sure they overlap.

(5) Same as number 4 above.

(6) Weeds in the main entrance flower beds, Artis Tree explained that the weeds had been removed but are already back, these weeds must be

removed by hand making it a challenge to clear them completely.

(7) Dead plant material has been removed

(8) Same as number 6 above.

(9) Cut grass in the flower beds, Artis Tree committed to having additional discussion with the mowing crew.

(10) Palms have all been trimmed area looks good, hanging/extending froms have been removed.

(11) Agree.

(12) Viburnum has been treated with insecticide and fungicide may being impacted by drought.

(13) Done.

(14) These are new plants coming up from previous flowers, it was decided to let them grow out.

(15) Good to know.

(16) Ligustrum has been trimmed.

(17) Good to hear.

(18) Good.

B. The ligustrum in the Guard House bed is out of proportion to other similar plants, Artis Tree was requested to trim this area to bring all plants into proper proportions with one another.

C. Artis Tree has provided a detailed proposal for sod replacement on the commercial side (see attachement 3). At the meeting it was decided to remove all the Jatropha from the center median and replace them with sod. Artis Tree thought that would require one to two more pallets of sod. They will adjust the quote accordingly.

D. Artis Tree provided two separate proposals to detail the costs that will be incurred to update the landscaping on the street monuments, one proposal was for the changes to the irrigation system and the other detailed the landscaping changes. Refer to attachement 5 for the changes to the irrigation system and attachement 4 for the changes to the street monuments landscaping. Because the cost estimates came in higher than expected, and because there are issues related to CDD access to some monuments, an alternative less expensive plan was developed by the Committee. It was decided that initially three Monuments (Royal and Bobcat, Silver and Bobcat and Pheonix and Bobcat) would be updated. These monuments located on CDD property would be updated with the expectation that the improvements to these monuments would help resolve some of the obstacles impacting the plans for other monuments.

E. The street monuments, except for areas where work is in progress, are in good shape.

F. Woodhaven is in good shape except for the east end that has a vertical clearance problem with the oak tree that is next to

the sidewalk. The limb in question is large and will require an arborist to make the proper trimming decision.

G. Commercial side and Under the Trees look good, some areas impacted by the drought.

H. Holiday Decoration Proposal (see attachment 7) needs to be finalized and a strategy for implementation of the contract needs to be developed.

7. No New Business

8. Public Comment

There was no public comment.

9. Adjournment

The meeting was adjourned at 12:55 PM.

Landscape Summary/Bobcat Trail Entrance

General Updates, Recent & Upcoming Maintenance Events

The following are action items for Artistree to complete. Please refer to the item # in your response listing action already taken or anticipated time of completion. Red text indicates deficient from previous report. **Bold Red text** indicates deficient for more than a month. Green text indicates a proposal has been requested. Blue indicates irrigation. **Bold & Underlined** is info or a question for the BOS. Orange is items for Staff to address.

1. Monument sign beds at the entrance and exit of Bobcat Trail at Toledo Blade Blvd have been replanted. However, soil does not seem to have been amended, and plant material roots are exposed causing significant die back. This area needs to be replanted. Command soil should be added to bed space as well and mulched.(pic.1a-1c>)

Bobcat Trail Entrance/Community Center Entrance/Royal Palm Dr.

2. Along the sidewalk, near the Bobcat Trail exit, adjacent to the gate, there is a Brazilian Pepper that is growing in the Oleander that should be rooted out before it takes over that area.(pic.2)

3. End caps of the center median beds that only have one or two plants should either be replanted or plant material removed completely. Sparce bed spaces give an unfinished appearance.(pic.3)

4. Weeds in bed spaces that have been treated should be removed after they have died and turned brown.(pic.4>)

5. Monument sign for 'The Gardens' on the corner of Royal Palm Dr. has crooked letters and should be repaired.(pic.5>)

6. Annual bed at the base of the Community Center sign should be replaced. Plant material is leggy and sparce. This high visibility area should be clean at all times.(pic.6)

Bobcat Trail/Community Center Entrance

7. Most of the Ixora along the West side of the Community Center entrance have either failed or are struggling. These should all be removed and replaced.(pic.7a,7b)

8. Throughout the community, Firebush and Jatropha have been cut back hard. Much of the foliage showed signs of stress. In the future, I recommend planning large pruning events for late Spring/Early Summer and Late Summer/Early fall. Recent temperature may cause damage to plant material that is already reacting to the stress of hard pruning. I will continue to monitor these areas, especially the Jatropha bed near the Bobcat Trail/Woodhaven Dr. entrance.(pic.8>)

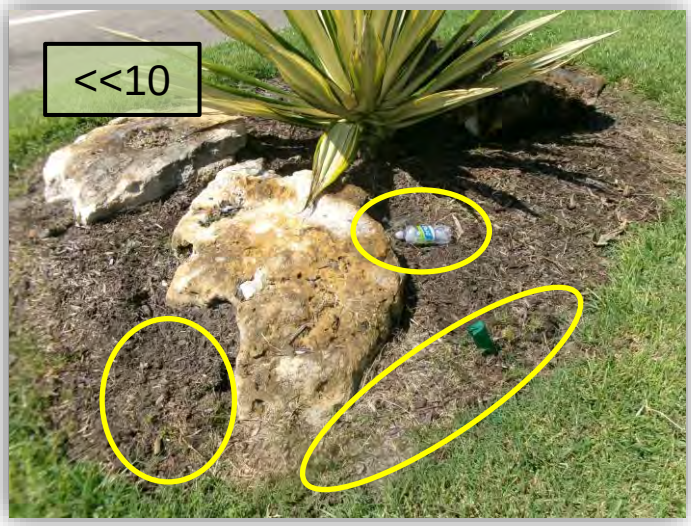

9. Many of the Liriope at the Bobcat Trail/Woodhaven drive entrance beds are chlorotic. Please have Agronomy team look into soil testing and adjusting fertilization to help this high visibility area look it's best.(pic.9)

10. Agave bed at the front of the center median at the Bobcat Trail West Entrance had just been weeded prior to my inspection. Crew members should be instructed to be diligent when hand pulling weeds, and to remove debris and refuse from bed spaces when they are in them.(pic.10>>)

11. Tree rings and mulched areas along Bobcat Trail West have heavy weed and turf growth. These spaces should be treated and removed once plant material has died(pic.11>>)

6. <u>Old Business</u>

A. Boulevard/Community Center/Parking Lot/Back Gate

(1) The Hibiscus Tree by the Community Center needs to be staked up, Artist Tree agreed to re-stake the plant.

(2) The sod on the parking lot side of the Pool House near the door is full of weeds and is struggling, needs attention. Artis Tree to check, this has been an ongoing problem.

(3) Some of the plants around Community Center pine trees (to the right of the entrance way drive) need to be replaced, Artis Tree to check out and report back to the Committee.

(4) It was noted that weeds are a bigger issue throughout the community then they have been in recent history. It was noted that they were especially in evidence on Soliday Palm Circle.

(5) The Guard House Firebush and Hibiscus bushes new growth is out of control. The

trimming of these bushes has been suspended to accommodate Resident request that the trimming process be postponed until the bushes had completed their blooming cycle. The result is an uneven, ragged appearance. It was decided to resume the normal trimming cycle.

(6) The trees in Solitary Palm seem to be thinning out, not sure what kind of tree. Also, dead bushes/plants need to be removed.

(7) Artis Tree is still working on the count for the frost damaged Ixora plants. Count should be completed by the next BCTLC meeting.

(8) There was significant discussion related to the condition of the turf throughout the community, both the CDD turf and the FWC turf. Areas of brown dead grass and bare spots are evident throughout the Bobcat Community. There is disagreement between Community Representatives and the Landscaper as to the cause of these problems. The landscaper, Artis Tree, has inspected several areas that have the problem and have not found any evidence of

insect infestation. They believe the problem is related to the dry (draught) conditions we have been experiencing over the past several months. Community representatives agree that there are some draught related problems but there are also Chinch Bugs and Grubs attacking the grass. Evaluations, discussions and inspections by third party experts are in progress. Lawn care service Elite and Juniper have been contacted, discussions and evaluations are in progress

B. Bobcat Trail Aquatics and Landscape Inspection Report, June 16, 2026 Rizzetta & Company – Spencer Gonzalas Landscape Specialist (Landscape Section Only) refer to (Attachment 3).

(1) Refer to section 6A(7) above

(2) Observation

(3) There continues to be issues with the flowers in this bed, it might be a fungus introduced with the flowers, however none of the other beds are affected so this is unlikely, Artis Tree does not feel that adding soil will help, Artis Tree speculates that possibly we are over watering or water is collecting in a low spot in the flowers bed. Artis

Tree continues to evaluate the problem. One consideration is to use a different plant (Vinca?). Weeds continue to be a challenge; this area is weeded by hand. This method does not work as well as chemical applications and weeds reappear between removal cycles.

(4) Palm froms that are not green are most likely being affected by the draught. Fertilizer from the turf fertilization will help these trees and the planned fertilization of both CDD and FWC palms will help the Palm froms remain green, The froms that have turned yellow will not return to green with improved nourishment. The Triple Palm in the center median by the Community Center is improving but still does not look great.

(5) Done

(6) Refer to # 3 above.

(7) Will trim on next cycle. If palm is trimmed so that froms are not touching the wall the palm will look misshaped so it was decided not to trim the froms so that they do not touch the wall .

(8) Atis Tree Will talk to Mowing Crew and try to minimize the issue. Artis Tree states that it is not possible to completely avoid the problem.

(9) The Black Olive Trees (Shady lady) on the boulevard have been trimmed in accordance with the comment, the only one that may have been overlooked is the one on the corner of Pheonix and Bobcat Trail.

(10) Thanks, good to hear.

(11) Artis Tree will remove the dead plants

(12) Artis Tree will remove

(13) Artis Tree will remove Pygmy Palm

C. General comment/discussion

(1) Silver Button Wood (Commercial Side) trimming needs to be trimmed as to not affect car traffic line of sight, Arti Tree to maintain.

(2) Ixora on Commercial Side needs to be trimmed Artis Tree action during the next trim cycle.

(3) Jatropha by Guard House appears to be dying, needs attention.

D. BCTLC Yearly Contract Matrix Review for July (Refer to Attachment 2).

(1) Artis Tree will mow five times in July.

(2) Fertilizer will be applied next week (week of 7/26).

(3) Insecticide for shrubs and fire ants is applied once a month, some areas are monitored more closely. Plant roots absorb insecticides, when insects eat the roots, they die. You use direct kill insecticides to destroy insect colonies. Artis Tree has inspected for Chinch Bugs and has not found any indication. Artis Tree uses direct kill insecticides to destroy fire ants; these applications will also kill chinch bugs if they are present.

(4) Small Palm<15ft will be done on normal trim cycle.

(5) Area Under The Trees (UTT) palms will be trimmed at the same time dead pines are taken down.

(6) Oak trees are being maintained on normal trim cycle.

(7) Weed control in the roads has been done.

(8) Woodhaven was not cut on the last cycle, however on the last cycle it was cut from the bridge to Toledo Blade, most likely done by the City of North Port.

(9) Mowing UTT is done, this area is cut twice a month, the mowing behind the Hospital is cut once a month and is complete.

E. Bullnose on Bobcat Community side looks good, flowers do not need to be added or replaced Artis Tree will add more flowers to flower beds at the back gate.

F. Discussion related to preparation for mulch application. Artis Tree explained that they normally order in August, that the CDD would get 390 cubic yards at the same price as previous years. Artis Tree noted that extra Fairway Commons Mulch would be spread in CDD areas.

G. Dead pine tree behind 2957 Royal will be taken down by the CD. Tree is very close to homeowners' residence but

still on CDD property, if it came down it would damage the house.

H. The street monuments look good except for some of the turf the dwarf Schefflera plants need to be trimmed.

I. UTT looks very good, has been mowed and all the dead branches have been picked up.

J. Commercial Side, Behind the Hospital and Under the Trees. Refer to (Attachment 4) for details.

K. Shrubs and Oleander Bushes around the pool are growing into the pool fence, Artis Tree to trim.

L. The Toledo Blade buffer zone between Bobcat Trail West and Lexi Lane is being cut and mowed by some of the tenants/owners of the business located along this stretch of Toledo Blade. Cease and desist letters have been sent to the owners/tenants but the problem appears to persist. Action is required.

M. Due to the drought and water restrictions, all CDD Landscape Projects have been put on hold pending the end of the drought conditions.

N. No progress has been made on the Holiday Decoration Contract. Still waiting for Beachy Lightscapes to send revised updated contract. A call was placed to Beachy but there was no answer. The contract has to be reviewed by the CDD Attorney before it can be signed.
