     Officers Reports: Richard Wagner, Richard Wagner, President reported that he attended the city of North Port HOA President meeting on February 21, 2019. He pointed out that Toledo Blade, which is a major gateway to the city, is in need of landscaping updates and maintenance. The initial cause of landscaping issues stems from a years old cycle of broken wells, irrigation systems, dying plants, plants/grass not replaced by the contractor. This cycle has resulted in the overall current unacceptable and non-professional landscaping appearance. Plantings are sparse and the grass has now turned into what appears to be a healthy crop of crown vetch. Rich pointed out that he has been making requests to the City to correct this issue since 2017.

     Rich mentioned that this was his last monthly Board meeting and thanked all Board and Committee members for their service.
