I have some comments on the draft meeting minutes for our February 18, 2025 HOA Meeting,

- Chris Shanahan reported that the ACC had approved nine ACC requests during the last month. She also indicated that they needed help and we had committed to sending out an Email blast requesting volunteers.
- In addition to what is noted in the draft meeting minutes the social committee also reported that Karaoke was very successful and would continue, that they were considering exercise class but did not have it arranged, and they would not be offering floral arranging.
- For the Legal Notice in addition to what is noted in the meeting minutes it was decided that the case with the Golf Course would be handled by a Summary Judgement verse a trial. That a judge would decide the case on the basis of the presented facts. It was my understanding that the meeting on April 14th is to discuss the Summary Judgment Process. (This is an important topic for the community and we need to provide as much accurate information as possible)
- In addition to what it is noted in the draft meeting minutes on sidewalks the painting of the sidewalks was discussed. It was pointed out that the current effort of cleaning and painting sidewalks on a community basis is a one time event. That going forward the individual residents will be responsible for the sidewalk in front of their home, including painting. The board had agreed to send out an email blast informing the residents of this situation. (As a process note this change will require a revision to the ACC Guidelines to include painting and paint color).
- We had significant discussion related to obtaining the Bobcat Trail records from AMI. Sentry explained their efforts and inability to obtained the records After much discussion it was concluded that we had to obtain those records, it would not be possible to properly manage the Communities affairs without the records. It was suggested that we consult with our attorney.
- 2023 Taxes have not been filed, we have taken steps to remedy the situations but there could be penalties and fines levied against the HOA by the IRS.
- The Centennial Bank (AMI) Account is still open and accumulating cash via resident payments. The account needs to be closed . Concern that some residents are still making payments to AMI. It was decided to keep the account open for sixty more days to give the residents more time to switch payments over. It the meantime the deadline for using that payment method would be announced. It was decided that Steve Kohl and Mike San Antonio had the signing rights to close the account.
- As a result of resident comments an issue with Assessments for the Villas was defined. Sentry has sent out payment notices to each individual Villa Homeowner requesting they pay their annual assessments using the Sentry process. Tradtionally the Villa Homeowners have paid their Assessments to the HOA and the HOA paid the Assessments (2025 to AMI) in a lump sum. As a result of this situation some Villa residents have paid their Assessment twice.. Sentry has agreed to reach out to the Villa Residents who have paid Sentry and work with them to straighten out the problem.

Thanks in advance for considering these items. It has been my experience in my role as Secretary for the CDD Landscape Committee that the residents often refer to the meeting minutes (instead of attending the meeting) to find out what is going on.

Give ma a call if you have any questions.

Regards,

Bill Hadovski - Director
